

## Reduce Junk Mail

**Stop** your junk mail to save carbon, trees, and the extra trip to the recycling bin.

Most junk mail goes from mailbox to "out" box without ever being opened. What a waste!

Almost **all catalogs** are made from virgin paper, contributing to **deforestation** and climate change.

Go to [www.CooltheEarth.org/action-coupons/](http://www.CooltheEarth.org/action-coupons/) for ways to stop your junk mail.

**840 lbs!**
