

Lighten your Footprint to School

Walking or biking to school an average of just 10 days a month reduces your carbon by **540 lbs.** Take **mass transit** of any kind and you'll save **372 lbs.** over driving alone. If you must drive alone, organize a **carpool** and save **270 lbs.**

The average **American** car gets 23 mpg and gives off **one pound** of carbon for every mile driven. Even short trips add up, so make the lowest carbon choice available.
