

**Don't Be Idle for Long**

**240 lbs!**

Don't idle your engine – use the **20 second rule!** If your car is stationary for more than 20 seconds, turn it off. You'll save on fuel, especially in school pick-up lines.

Idling your vehicle for 10 minutes uses as much fuel as it takes to travel 5 miles, and wastes more than **27 gallons a year.**
