

## Don't Be Idle

save **240 lbs** CO<sub>2</sub>!

**Fact:** Idling your vehicle for 10 minutes uses as much fuel as it takes to travel 5 miles.

**Act:** Use the 20 second rule! *If your car is stationary for more than 20 seconds, turn it off.* It uses less gas to turn off and on than it does to let your car idle.

save **\$95/year**
