

Save Gas

save **720 lbs** CO₂!

Fact: Car engines are most fuel efficient at 55 mph or under. For every 1 mph over 55, the average car loses 2% in fuel economy.

Act: *Reduce the amount of fuel* you use by 15% by keeping it at 55 mph!

save **\$100/year**

Save Gas

Student Name: _____

Grade: _____
