

Lights Out

save **554 lbs** CO₂!

Fact: Did you know that most people leave lights on, even when they aren't inside a room?

Act: *Turn off the lights every time* you leave the room, so you can cut your electricity use! Here in the Arctic, I just use moonlight, so I never waste energy!

Your friend,
Koda

Lights Out

Name: _____

Grade: _____

I pledge to turn off the lights all year
