

Pick Up Clothes

save
up to **175 lbs** CO₂
a year!

Fact: Did you know that the average family washes over 365 loads of laundry a year. That's at least 1 load every day!

Act: *Pick up clothes which are aren't dirty*, and put them away, so you can cut down your family's laundry loads and save energy! Every time my fur needs a wash, I just jump in the ocean!

Your friend,
Koda
