

Shop with Cloth

save **95 lbs** CO₂ a year!

Fact: Americans throw away over 1 billion plastics bags every year. Plastic bags are made of polyethylene which takes 1000 years to decompose, and only 1% ever get recycled into new materials.

Act: Buy and *use reusable cloth bags* for all of your shopping; not just groceries. The best answer to the question "Paper or plastic?" is "Neither."

Shop with Cloth

Student Name: _____
