Pack Your Bags!

72 lbs CO₂!

Fact: Did you know plastic bags often end up in the ocean? I don't want to swim and hunt with plastic—yuck!

Act: After your family's groceries are unloaded, put the reusable bags back into the car. This way the bags *will always be there when your parents need them.*

Your friend,
Koda

Pack Your Bags!

Name: _____

Grade: _____

I pledge to put the cloth bags into the car all year
